

These cards are made for practicing the refereeing techniques in various situations and to become more familiar with the refereeing terminology. Where you see a number in brackets it refers to the severity of the offence. E.g.:

- (1) Atenai yoni
- (2) Keikoku
- (3) Hansoku chui
- (4) Hansoku
- (5) Shikaku

Where you see 1/2 point or 1 point it refers to the quality of the technique only and not the technique is allowed in that particular situation. E.g. Aka attacks with jodan zuki (1/2 P).

This was a controlled attack, which would have earned wasa ari but because direct face attacks are not allowed this situation would be penalized.
